RE: OMA Request for Review – 2018 PAC 55513

Dear Mr. Kraft:

This office has reviewed your letter asking this office to reconsider its determination in the above-referenced matter, Ill. Att'y Gen. PAC Req. Rev. Ltr. 55513, issued December 3, 2018, or to open a new Request for Review based on "additional facts." Please be advised that, as is this office's usual practice, this determination was reviewed by supervisors prior to its issuance. Nonetheless, we have considered your correspondence. Your letter did not set forth any new facts, nor did it otherwise contain information warranting the re-opening of this matter. As stated in the December 3, 2018, determination letter, a public body has inherent authority to stop meeting disruptions. The video that you referenced clearly shows that you addressed the Board but refused to stop speaking. This office finds no basis to conclude that the Board violated OMA in connection with your public comment. This matter remains closed. Thank you.

Very truly yours,
